

The South Hampshire Historical Aviation Society

Presents

The C-7A Caribou & 457th Tactical Airlift Sqn. in Vietnam

A Talk By

Jack Froelich

Although other contemporary aircraft of the day, such as the C125 Provider and C130 Hercules could carry a heavier payload, the DHC 4 Caribou could operate from shorter landing strips, and the USAF became the largest operator of the type.

Jack recalls his personal experience while on operations in Vietnam.

Wednesday 3rd September

19:30 for 19:45 start

Non-members always welcome
(£5 on the door)

Romsey Conservative Club, (First Floor)
13, Market Place,
Romsey.
